Astron Energy Graduate Internship Programme 2026/2027 For Engineering

Description

Astron Energy, a premier supplier of petroleum products in Southern Africa, is offering a Graduate Internship Programme for the 2024/2025 period. With a network of over 850 service stations, Astron Energy represents the second-largest petroleum network in the region. This internship provides a unique opportunity for recent graduates to advance their careers in a dynamic, growth-oriented environment.

The Astron Energy Graduate Internship is a 24-month intensive program designed for unemployed graduates, providing them with valuable industry exposure and skill development in a corporate setting. The program reflects Astron Energy's dedication to corporate responsibility by fostering education, health, and economic development in local communities. Through this initiative, the company supports sustainable economic growth by empowering future leaders in the energy sector.

Responsibilities

Interns in this program will:

- Participate in hands-on training across relevant departments.
- Gain in-depth knowledge of the petroleum industry.
- Contribute to projects that support Astron Energy's community and economic initiatives.
- Develop skills aligned with their area of study through real-world applications.

Qualifications

A National Diploma or Degree in one of the following fields:

- Chemical Engineering
- Mechanical Engineering
- Electrical Engineering
- Marine Engineering
- Analytical Chemistry

Job Benefits

Interns in the Astron Energy Graduate Internship Programme will benefit from:

- Accelerated career development in their chosen field.
- Mentorship from industry leaders.
- Networking opportunities within a leading energy company.
- Hands-on experience that fosters leadership skills and continuous learning.

How to Apply?

Graduates who meet the qualifications and are eager to advance their careers with Astron Energy are encouraged to apply. Interested candidates can submit their applications through the Astron Energy careers portal, where further instructions are available.
