TotalEnergies Graduate Internship 2026/2027 For Engineering

Description

The Graduate Internship Programme, offered by TotalEnergies Marketing South Africa, is located in Johannesburg-Biermann Avenue, South Africa. This program falls under the domain of Operations and is structured as an internship for candidates with less than three years of experience.

This 12-month internship program is designed to provide recent graduates with the opportunity to integrate into engineering departments and functions relative to their qualifications. The internship aims to offer participants exposure to a wide range of engineering activities within their respective departments, thereby enriching their professional experience in a dynamic industry setting.

Responsibilities

Participants in the program will engage in various engineering activities, allowing them to apply their academic knowledge in practical scenarios. They will collaborate with experienced professionals and contribute to the high-performing environment of TotalEnergies Marketing South Africa. The program encourages participants to hone their skills and make meaningful contributions to the organization's success.

Qualifications

Eligible candidates must possess one of the following qualifications:

- Bachelor of Engineering Technology in Electrical Engineering.
- Bachelor of Engineering Technology in Mechanical Engineering.
- Bachelor of Engineering Technology in Industrial Engineering.
- Bachelor of Science in Computer Science or Mathematics.

Job Benefits

The internship offers graduates the chance to work with seasoned professionals and gain invaluable experience in the engineering sector. Participants will be part of an organization that is committed to nurturing talent and enhancing skills in specialized areas of engineering.

How To Apply?

Applicants must submit the following required documents: a recently updated CV, a copy of their ID, their qualification(s), and an academic record. The program is open to graduates with less than one year of experience. Interested candidates are encouraged to apply through the specified channels and can share this opportunity via Facebook, Email, X, or LinkedIn. TotalEnergies is committed to equal opportunity employment and encourages applications from all qualified individuals, regardless of race, gender, or other arbitrary factors.
